For All Users

- Create Your Own Account in Easychair

Note:
For authors:
- An Easychair Account is required to submit your paper.
For PC members, Track chairs, Associate Editors and Reviewers:
- If you do not have an Easychair Account, you need to create it with the email address by which you received the invitation.

Step 1: Visit our Submission System [https://easychair.org/conferences/?conf=pacis2020](https://easychair.org/conferences/?conf=pacis2020), click “create an account”.

Log in to EasyChair for PACIS 2020

EasyChair uses cookies for user authentication. To use EasyChair, you should allow your browser to save cookies from easychair.org.

Step 2: Pass the robot test.

Step 3: Input your account information.
Step 4: Check your email. Follow the instructions in the email from Easychair.

Account Application Received

We received your application. A mail with further instructions has been sent to the email address leikicy@dlut.edu.cn.

If You Do not Receive the Instructions

If you do not receive our email with instructions on how to create an account, please read the following information.

Our mail server normally sends all mail within a few seconds. The following is an incomplete list of possible reasons for the problem:

- Incorrectly typed email address
  - This is still the most likely cause of delays.
- Slow mail processing
  - Some mail servers process mail for a long time. For example, your mail server may spend a lot of time checking incoming mail for spam.
- "Spam"-type mail protection
  - Some mailers, when receiving an email from an unknown sender, ask the sender to send a mail with specific content to ensure that it has such a protection, you will never receive our mail. If you have such a protection and it is configurable, configure it to accept email from Easychair.
- Mailbox problems and quotas
  - Some email sent by Easychair bounce back because the recipient mailbox is over quota.
- Anti-spam filters
  - It is possible that your spam filters will classify our email as spam. Please check your spam mail boxes.
- General connection problems
  - There might be general connection problems, for example your mail server may be unreachable for a long time.
- Unfortunately, we have no resources to cope with all possible kinds of mail server (mis)behavior. If you believe you have a problem related to your mail server, want to solve it quickly, either contact your system administrators or try to get and use an email address from one of major mail hosts, such as a Google Mail, Yahoo Mail, or Hotmail. You will be able to change your email address in EasyChair or have multiple email addresses associated with your account later.

You can repeat your application at any time. Another email will be sent to you.
Choose Conference and Role

Note: If you participate in multiple conferences in EasyChair, or play multiple roles in PACIS2020, you need to choose the conference and your role after login.

Your recent EasyChair roles are shown in the table below. Click on a role to access it.

For Track Chairs (TCs)

- **Invite Associate Editors (AE)**

  **Note:** Associate Editor is called as "*ordinary PC member*" in Easychair system.
  **Note:** *DO NOT* invite additional Track Chairs without permission from PCs.

**Step 1:** Login as role of "Track chairs", in PACIS2020.
**Step 2:** Click "PC"->"Add new PC member"

**Step 3:** Input AE’s information, select role as "*ordinary PC member*" and send the invitation

### Adding a Single PC Member

Use the form below. The required fields are marked by (*).
**Step 3**: You can also invite multiple AEs at once, as following:

**Adding Several PC Members at Once.**
To add several people to the program committee, write down each PC member in a separate line using the following format:

```
FirstName LastName <EmailAddress>
```

If a first name or a last name consists of more than one word, put it in double quotes. If there is no first name, leave the first name empty. Examples are given below.

- Andrea Rendon <andre@mychair.org>
- Juan Antonio "Navarro Perez" <japerez@mychair.org>
- Simon Green <sgreen@mychair.org>

Here "Navarro Perez" is a last name. Write information about the new PC members in the following area, select their intended role and press the button below.
- **Manage Submissions in This Track**

**Step 1:** Click “Submissions”

![Image of a user interface for PACIS 2020 List of Submissions]

**Step 2:** You can check the detail information, download paper, assign submissions to AEs, and update submissions.

- **Assign Submissions to AEs**

**Step 1-2:** Following previous Step 1-2, click “assign submission to AE”.

![Image of a user interface for assigning submissions]

**Step 3:** Choose AEs to assign the submission.

**Assignment View or Update for Submission 1**

The following table summarizes the assignment and bidding information for submission 1: Leo Liu, A Test Paper.

- Use checkboxes to assign or unassign this submissions.
- To see the current assignment for a PC member, click on his or her name.

Invitation Reviewers

Note: For PACIS2020, TCs are supposed to invite AEs, and AEs invite reviewers. This function is introduced just in case that TCs want to invite reviewers by themselves.

Step 1: Click "Reviews" -> "All submissions" or "Assigned to me"

Step 2: Select a submission, click the icon below "Contact Subreviewer".

Reviews

To add a new review, click on the "add" icon in the table.

To update a review, click on the column containing the reviewer name.

Use of colors: a subreviewer agreed to review this submission for me, not assigned to me.

Explanation of annotations:

(+) - Either a review was delivered or the request was accepted.

Step 3: Input the information of reviewer, modify and send the invitation email.
Step 4: Confirm the content of invitation email, then send the email.

Add New Review on PACIS 2020 Submission 1

To ensure independent and unbiased reviews, EasyChair does not show reviews of other PC members to a PC member who is assigned this paper but did not enter her or his review yet. As a consequence of this policy, if you enter a review and then revise it so that the score changes, the system will show both the original and the revised reviews.

For this reason, please ensure that the first review you enter for the paper is a valid review and not a draft and that the scores you give to the paper are the intended scores. If you revise a review and change the scores, we recommend to add a note for PC members explaining the reason for changing the scores.
